

Nemesis

BAND PROFILE

CINEMATIC ROCK BAND

A cinematic rock band that turns classical grandeur, pop accessibility, and the power of rock into one unfolding story.

Defined by the signature song "The Rose of Versailles," Nemesis builds lyrical melodies with the depth of piano and strings, then lifts them with explosive band energy. Their songs unfold like vivid scenes where beauty and pathos, delicacy and power intersect. On stage, that emotional density becomes even more immediate, creating a dramatic live experience that lingers with the audience.
